**3. Guest Speakers**

**Jeff Riedel – United Airlines, Managing Director**

United Airlines provided a project update on their LAX United Terminal Redevelopment Program for Terminals 7 and 8. The \$573 million dollar investment provides new passenger check-in facilities, hold rooms, a consolidated twelve-lane security checkpoint with up to ten innovation screening lanes, a 20,000 square foot United Club with outdoor terrace, upgraded baggage system, and other customer interface areas.

Portions of the project, including some gates and baggage claim carousals, are complete. A new security screening checkpoint is scheduled to open November 14, 2016. The project is slated for completion December 31, 2017, with the exception of some work in Terminal 8 which should be completed April 2018.

**Patrick Tomcheck - Los Angeles World Airports, Planning Division**

Los Angeles World Airports (LAWA) will be providing various improvements to the LAX Central Terminal Area (CTA) outside the scope of the Landside Access Modernization Program (LAMP). Improvements for traffic congestion within the CTA include single level busing for shuttles; each type of shuttle will pick up and drop off passengers on a designated level, except as needed for those passengers with disabilities. Signs were also provided in six locations on the departure level to assist with Uber and Lyft pick up.

Way finding improvements include electronic and posted signs, pillar numbering on the arrival level, and “you are here” map type information centers posted outside main terminal doors.

**4. Management Reports – Jamie Gutierrez – LAWA Community Relations Division**

Jamie provided a Federal Aviation Administration's (FAA) update on the Southern California Metroplex Community Outreach.

An updated LAX Area Advisory Committee Roster was provided.
