The deadline for the **2021 100% List-based Audit** is today **Friday, March 11, 2022**.

Thanks to everyone who submitted your company's audit information. We are currently reviewing your audit submissions, and will contact you if we require additional information.

For companies that have not submitted the requested audit information, your company status will be changed to **INACTIVE, effective Monday, March 14, 2022**. An **INACTIVE** status means:

- All company's badging privileges are revoked.
- No transactions will be processed at the Badge Office, even for scheduled appointments.
- Authorized Signer permissions to on-line systems are revoked.
- All Badges will be made invalid and therefore become inactive. Badges must be returned immediately to the Badge Office. Authorized Airport personnel, like Airport Police may confiscate invalid the badges.
- Authorized Signers must complete a new Authorized Signer training class to be reinstated.
- New / replacement badges **will not** be authorized until all the audit requirements are submitted and approved as completed; all **INVALID** badges are returned to the Badge Office; and the authorized signer has completed a new training course. Employees may be required to begin the fingerprint process from the beginning.
