

Construction Hot Topics

Week of October 4, 2021

1. Pedestrian Detours at Parking Structure 6

- Construction of support columns for a future Automated People Mover pedestrian bridge at Terminal 6 requires sidewalk closures and pedestrian detours at Parking Structure 6 / Surface Lot 6 near the COVID Testing Site
- Pedestrians should follow all posted signs and always use caution when traveling by a construction area

*Pedestrian detours near
Parking Structure 6*

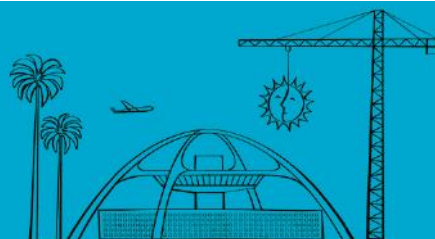

*ConRAC Speed Ramps for Ready
Return / Idle Storage Building*

2. Construction Update: ConRAC

- Construction of the Consolidated Rent-A-Car facility continues to make progress with milestones including the Station Canopy being completed last quarter, solar panel installation, and construction of speed ramps of the Ready Return / Idle Storage building (pictured)

Change is in the Air(port).

LAX WAY BETTER. REALLY.
